Persons wishing to comment may do so, in writing, to the Department's named contact above within 30 days following the publication date of this notice. **COMMENTERS SHOULD IDENTIFY THE APPROPRIATE NPDES NUMBER ON THE FIRST PAGE OF THEIR COMMENTS.** In order to affect final decisions, comments must offer technically substantial information that is applicable to the draft permit. All comments must be received in the ADEM Main Office in Montgomery no later than 5:00 P.M. on the last day of the comment period.

A written request for a public hearing may also be filed within that 30-day period and must state the nature of the issues proposed to be raised in the hearing. The Director shall hold a public hearing whenever it is found, on the basis of hearing requests, that there exists a significant degree of public interest in the permit application or draft permit. The Director may also hold a hearing if he determines that it would clarify one or more issues involved in the permit decision.

After consideration of all written comments, review of any public hearing record, and consideration of the requirements of the Alabama Water Pollution Control Act, the federal Water Pollution Control Act, and applicable regulations, the Department will make a final determination. The Department will develop a response to comments, which will become part of the public record. The Department will post responses to comments as well as the final permit determinations to the Department's website at <http://app.adem.alabama.gov/eFile/>. To find the response to comments and final permit determination, you may search by the appropriate permit number listed in this notice.

The Department maintains a list of interested individuals who are emailed legal notices regarding proposed permits. If you wish to receive such notices, please [sign up here](#) by entering your email address on the left side of the page and clicking the submit button.

This notice is hereby given this **15th day of April, 2026**, by authorization of the Alabama Department of Environmental Management.
